A Letter to say Thankyou to the people of Crea.

Dear people of Crea,

I am very happy that I had the opportunity to pass a wonderful time with you. I enjoyed every single thing that I did with you! Maria you were very patient and helpful. I admire you. Laura you were the best! You are funny and beautiful. Maria Grazia you are very loving and friendly and I like these types of people. Rebecca, I think that you are very patient. Patty, I seriously think that you are the nicest person that I have ever met. You are sympathetic and funny and you are a Drama queen! I loved doing Drama with you because you teach very well, how to act.

I also liked doing the Alleycats game because Cortona is a beautiful place, and at night there are lots of places to discover. I liked the Heraldry because it was a long time since I painted, so I was happy! I had alot of fun and I am happy for doing this amazing trip that everyone always talked about. I hope that the next children to do this trip will think of it the same way.

Lae,
Giordana
